Petition Under 37 C.F.R. § 1.181

Attn: Mail Stop Petition

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants respectfully petition the Commissioner under 37 C.F.R. § 1.181 to correct the U.S. Patent and Trademark Office's online PAIR records for the above captioned application so that the benefit information is the same as it appears on the Filing Receipt and on Applicants' Application Data Sheet, and to issue a corrected filing receipt. Currently the information is incorrect on PAIR.

The domestic benefit information on the Updated Filing Receipt mailed August 11, 2004 (copy attached) states the following:

This application is a CON of 09/719,108 05/25/2001 PAT 6,670,527*
which is a 371 of PCT/GB99/01857 06/11/1999

(*) Data provided by applicant is not consistent with PTO records.

The continuity data on PAIR for the above-captioned application does not recite that 09/719,108 is a 371 application and does not refer to PCT/GB99/01857, I.A. filed June 11, 1999. However, this should be noted on the PAIR records. The filing receipt, in

this regard, attached hereto as **Exhibit 1**, is correct. This claim was provided, *inter alia*, on the Application Data Sheet filed with the application on September 26, 2003 (and repeated on the supplemental ADS filed July 13, 2006). Appropriate correction of PAIR is respectfully petitioned.

Attached as **Exhibit 2** is the face page of U.S. 6,670,527 and as **Exhibit 3** is the filing receipt for 09/719,108, each showing that 09/719,108 is a Section 371 application. Applicants will file a separate request to correct the PAIR records of 09/719,108 to reflect that it is a 371 application as noted above.

This error is believed to be U.S. Patent and Trademark Office error. Therefore, no fee for this petition is believed necessary. However, if fees are necessary, any fees required are hereby authorized to be charged to our Deposit Account No. 19-0036. Early notice of the granting of this petition is respectfully requested.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
